

SOCIAL MEDIA BEST PRACTICES

- Images are eye-catching and result in strong engagement. Consider adding to your post a photo of your product or repurpose an ABC Kids Expo banner ad, or include video of a demonstration.
- Make sure you monitor the show hashtag #ABCKidsExpo17 to stay engaged with what show attendees are engaged with and talking about.
- Use #ABCKidsExpo17 in all your posts so that attendees who are not currently following you will see your posts.
- Respond to conversations that are already occurring. Become a part of the discussion to network with your potential customers and influencers.
- Reach out to prospects and customers through their social media profiles and invite them to meet you at the show.
- Keep your posts *real* and *relevant*. Posts should contain 30% promotional content about your business and 70% informational content that your followers will find useful.
- Consider using live video on Facebook, Twitter or Instagram to highlight anything specific happening with your company or at your booth, such as a product reveal, press conference or celebrity appearance.
- Highlight show specials or other special opportunities as a way to drive engagement.
- Let your followers know where you will be and when so they can engage with you onsite and online.
- Tag ABC Kids Expo in all your posts for a chance to be reposted!
